BUSHELS OF BOODLE

Nearly a Billion Dollars in Gold in the United States Treasury, and the Amount Increasing.

Washington, Oct. 12.—A source of extreme gratification to the managers in the Treasury Department is the record of gold of approximately \$1,000,000,000 to the gold for the first quarter of the present fiscal year.

The government's experts also are charged with the duty of keeping an account of revenues and expenditures, and are able to show by comparative figures of results achieved during the first three months of this fiscal year, compared with last year and the year previous, that at the present rate of gain, with no great increase in the expenditures, the surplus revenues at the end of the present fiscal year should be nearly \$1,000,000,000.

The chances are not unfavorable for "Circle Star" having a billion dollars in his strong box within the next year. The stock of gold has already reached the enormous sum of \$100,000,000.

Ten years ago when the United States was having difficulty in maintaining a gold reserve of \$100,000,000 attention was respectively called to the fact that the Russian government had in its strong boxes about \$500,000,000 in gold. With the return of prosperity in this country, following 1897, the gold accumulations in the treasury have steadily increased, much more than keeping pace with the increased gold supply throughout the world.

The reserve fund remains by law at \$100,000,000, while the trust fund accounts, which are made up of gold coin, held against outstanding issues of gold certificates, contain nearly \$100,000,000 in gold coin and the \$100,000,000, approximately, of silver dollars are overshadowed by the volume of gold which stands behind outstanding gold certificates, to say nothing of the more than \$100,000,000 of gold in the general fund free to meet the ordinary expenditures of the government.

WOUNDS, BRUISES AND BURNS

By applying an antiseptic dressing to wounds, bruises and lacerations before inflammation sets in, they may be healed without maturation and in about one-third the time required by the old treatment. This is the greatest discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by all druggists.

TURKS HAVING TROUBLE.

Their Raw Recruits Unable to Stand Up Against the Rough Riders of the Arabian Desert.

Constantinople, Oct. 12.—The rebellion against Turkish rule in the province of Yemen, Arabia, shows no signs of subsiding, and whenever pitched battles are fought the rebellious Arabs seem to be victorious over the unwilling Turkish conscripts sent to subdue them. Severe fighting has occurred in the district of Ashr between the government troops and the tribe of Demehar, in which the Turks were routed with a loss of 100 men killed and sixty wounded. The casualties of the Arabs is about 100.

NAPOLEON BONAPARTE

Showed, at the battle of Austerlitz, he was the greatest leader in the world. Ballard's Snow Lintiment has shown the public it is the best Lintiment in the world. A quick cure for Rheumatism, Sprains, Burns, Cuts, etc. A. C. Pitts, Boston, La., says: "I use Ballard's Snow Lintiment in my family, and find it unequalled for sore chest, headaches, corns, and in fact for anything that can be reached by a lintiment." Sold by the Anti-Monopoly Druggists.

SOUTHERN RY. SUCCESSIONS.

To the Demand of its Machinists for a Raise in Wages.

Knoxville, Tenn., Oct. 12.—The local machinists of the Southern Railway, together with their helpers, who went on strike here Monday, received orders this morning from Washington to return to work.

The men all responded to the order and have been hard at work since they entered the shops. The men struck for an increase in wages of 25 cents a day, which the road refused to grant. The order to return this morning was accompanied by the intimation that the increases demanded would be granted. The men claim that they have received every concession they asked for and declare that they are satisfied and that they also appreciate the act of the company in granting their demands and ordering them back to work. The men are very happy over the situation and are determined to show by their work that they appreciate the act of the company.

DEVIL'S ISLAND TORTURE

Is no worse than the terrible case of Piles that afflicted me 14 years. Then I was advised to apply Bucklen's Arnica Salve, and less than a box permanently cured me, writes L. S. Napier of Bagley, Ky. Heals all wounds, Burns and Sores like magic. Price 25c. at T. J. King & Co's. Trial bottles free.

VOLCANO AGAIN VIOLENT

Mount Pelee Again in Eruption, Showering Ashes Over Islands Hundreds of Miles Away.

St. Pierre, Island of Guadeloupe, Oct. 12.—A violent eruption yesterday of Mount Pelee, a volcano, on the island of Martinique, caused a rain of ashes over the southeastern part of Guadeloupe. Southern volcano on this island shows no signs of activity. Great eruption gradually.

Ashes in St. Thomas.

St. Thomas, Danish West Indies, Oct. 12.—From October 5th to 12th the atmosphere here was charged with fine volcanic ash, resulting in density very observed during the worst eruptions of Mount Pelee, which apparently is strongly disturbed. It is believed that a great eruption has taken place. A most disastrous eruption occurred in Mount Pelee August 24, 1902, which completely destroyed the town of St. Pierre, and killed over 30,000 souls.

JULIUS CAESAR

Was a man of nerve, but sickness left his mark and he became aged before his time. Sickness is often caused by a torpid liver. Herbine will regulate your liver and give you health. Mrs. Carrie Austin, Holton, Kansas, writes: "I consider Herbine the best medicine I ever heard of. I am never without it." Sold by the Anti-Monopoly Druggists.

Have a Horse Sleep.

Horses always point one ear forward when they sleep. Exactly why it is done no human being can tell, but the probability is that the practice is a relic of the time when they were wild and obliged to be on their guard even when asleep. Cattle, on the other hand, are apparently indifferent as to the position of their ears while sleeping, but no odds what position they are in both are always pointed alike. Ask some observing horseman if it is not a fact that a horse always throws one ear forward when he sleeps.

Commerce and Literature.

"Do you think that a commercial career is to be compared to a literary career?" asked the high browed and melancholy youth.

"My boy," said Mr. Cumrox, "in business you can write your name on a piece of paper no bigger than a postal card and make it worth thousands of dollars. In literature you can write up reams of paper without making it worth 50 cents."—Washington Star.

HUMAN BLOOD MARKS

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Soc. Ky. He writes: "Twenty years ago, I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me, and I have remained well ever since." It cures Hemorrhages, Chronic Coughs, Settled Colds and Bronchitis, and is the only known cure for Weak Lungs. Every bottle guaranteed by Tydings & Co., druggists, 50c. and \$1; trial bottles free.

The Silence Cure.

Nerve specialists, it is said, are now recommending a "silence cure" for women who suffer from nerves. The patients have to set apart a certain number of hours in which no word is spoken. A woman we know tried this treatment, with a curious result. She herself came out in a rash, but her husband, who suffered from headaches, recovered.—Punch.

Questions For a Question.

"John," said the distinguished lawyer severely, "have you been in swimming in spite of my express prohibition?"
"Father," said John earnestly, "isn't it one of the first principles of law that no witness is bound to incriminate himself?"—Somerville Journal.

Not at Home.

Caller—Is your father at home? Little Daughter—What is your name, please? Caller—Just tell him it is his old friend Bill. Little Daughter—Then I guess he ain't at home. I heard him tell mamma if any bill came he wasn't at home.

At the Play.

"She must be fifty if she's a day. How can she manage to play the part of a young girl?"

"Well, you know, she was a young girl once."—Brooklyn Life.

When all is summed up, a man never speaks of himself without loss. His accusations of himself are always believed, his praises never.—Montaigne.

A CARD
